PROFESSIONAL SUMMARY

Computer Science Engineering graduate with strong expertise in responsive UI design, React.js, and JavaScript (ES6). Proficient in REST APIs, frontend development, and version control with experience in building scalable, user-friendly web applications. Passionate about UI/UX principles, clean coding, and modern web tools such as CI/CD pipelines. Adept at problem-solving, debugging, and collaborating in Agile teams.

EDUCATION

B.Tech in Computer Science Engineering

Sri Venkatesa Perumal College of Engineering & Technology, Puttur

2021 – 2025 | CGPA: 8.0/10

INTERNSHIP EXPERIENCE

Full Stack Developer Intern – Rooman Technologies, Bengaluru

Feb 2025 – May 2025

- Built and optimized responsive front-end components using React.js and REST APIs.
- Worked with Spring Boot backend and integrated APIs using Postman.
- Enhanced cross-browser compatibility and fixed critical bugs in UI components.
- Followed Agile methodology, conducted real-time debugging, and managed version control with

PROJECTS

AI Story Generator – Python, GPT-2, Stable Diffusion

- Built an AI-powered web application to generate creative stories and images.
- Integrated GPT-2 for text generation and Stable Diffusion for visuals, ensuring real-time UX and robust error handling.

Weather Forecast App – HTML, CSS, JavaScript, OpenWeatherMap API

- Developed a real-time weather app with dynamic UI updates and responsive design.
- Implemented REST API integration and error-handling mechanisms for better user experience.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Python, SQL

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive UI Design

Web Tech: REST APIs, JSON, AJAX

Tools & Build: Git, GitHub, Postman, VS Code, NPM, Vite

Database: MySQL

Core Skills: Debugging, Problem-Solving, Clean Code, Agile Development

CERTIFICATIONS

- JavaScript, HTML5 & CSS3 – Udemy (Aug 2024)
- Python Programming – GUVI (Aug 2023)

SOFT SKILLS

UI/UX Awareness | Agile Collaboration | Problem-Solving | Adaptability | Teamwork | Communication | Continuous Learning | Code Optimization
